#### **EXAMINER'S AMENDMENT**

An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it MUST be submitted no later than the payment of the issue fee.

Authorization for this examiner's amendment was given in a telephone interview with Mark Hopkins on 3/26/2006.

Cancel claim 28.

Claim 29, line 2, delete "or inhibiting";

Claim 30, line 2, delete "inhibiting or" and "serine protease";

Claim 33, line 2, delete "inhibiting or".

The above amendments are made without applicant's acquiescence in any potential rejection, but are made solely to expedite allowance of the captioned application.

The following is an examiner's statement of reasons for allowance:

The outstanding rejection under section 112, first paragraph is withdrawn in view of Applicant's amendments to claims 30 and 33 requiring administration of the claimed compounds, which find adequate written description in the specification, within the meaning of section 112, first paragraph.

The examiner notes that all withdrawn claims are now rejoined and allowed since they represent a reasonable number of species under the allowed general formula of claim 1.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
